## TEACHING THE LESSON

### Arrival at the School

- Arrive at the school 10-15 minutes prior to the time you are scheduled to teach.
- Check in at the school office. You will need to sign in and get a visitor's badge.

### Procedures for the Classroom

- Begin the lesson by introducing yourself and giving the name of your bank.
- Tell students that you are going to share with them a lesson on saving money.
- Teach the lesson. The lesson should take about 45 minutes.
- After checking with the teacher, distribute any gifts that you may have from your bank. Do this at the **end** of the lesson. Leave your business card with the teacher. Many teachers want the class to write thank you notes.
- Leave the book for the teacher as a gift from the Delaware Bankers Association and the Center for Economic Education and Entrepreneurship.
